Marketplace
For Professionals

## Features List

├ Introduction ┤

Yo!Gigs is the perfect solution to create an online marketplace for Professionals where professionals list their skilled tasks or Errands to outsource. Enjoy other important work while their tasks are done.

User Types

- **Guest User:** Guest user can search for Service Provider available in a city with all their details, browse tasks following search criteria, blogs, testimonial and other CMS Pages.

- **Customer:** Customer can register, post a task, Invite taskers and can book a tasker on hourly basis by posting a related task. Customer can also mark their favorite tasker and manage their wallet.

- **Tasker:** Tasker can register and apply for a task. Tasker can also become a customer by following all mandatory steps. Tasker can perform other features too like favorite customer, manage their interest, and add their hourly rate on the basis of each task category.

- **Admin:** Admin can manage features like transactions, CMS pages, Manage tasks, testimonials, revenues, earnings, users etc.
